

24.Nov. 1871

To his Worship the Mayor and City Council Sandhurst

Gentlemen,

Permit me respectfully to bring before you the Damage done yesterday to myself and Tenants, by the storm water in View Place, caused by the want of surface Drainage to allotments No. 19 & 20 of Section 24 Portion B in Barnard Street Sandhurst together with allotments No. 15 – 16, 17 and part of 18 of the same section 24 portion B, and to the Fact, that before March last, the above allotments were drained by the natural outlet through allotments 13 and 14 section aforesaid Forest Street, and also to the Fact that since March last, this natural outlet has been caused wilfully to be stopped by my neighbour Mr. J. C. Helm of View Place and thereby diverting the whole of the storm water over my Land, to the great damage of myself and others. I have also to bring before you the fact that myself and the other resident Ratepayers of this Locality believe, that the greater part of the damage done is on account of the removal, some time since, of the Culvert which was made by the Government across the road for the proper drainage of this locality, and on the continuance and permanent use of which Culvert my Buildings in View Place were laid out and erected, and against the removal of which Culvert myself and others protested to the Borough Council of Sandhurst at the time the removal was commenced being done. I have therefore Gentlemen to request you will be pleased as soon as possible cause to be provided with drainage the above Allotments.

Yours respectfully,

Thomas Gullock

Sandhurst 24 Nov. 1871

We, the undersigned Ratepayers of View Place Sandhurst Testify to the Damage done yesterday as stated by Mr. Thomas Gullock, for want of Surface Damage and which we attribute to a large extent to the removal of the old Culvert across the road in View Place and the truth immediate attention will be given to the proper Drainage.

New Place Sandhurst

24 Nov - 1871

To his Worship the Mayor
and City Council Sandhurst.

Gentlemen,

Permit me respectfully
to bring before you the Damage done yesterday to myself
and Tenants, by the storm water in New Place, caused by
the want of surface Drainage to allotments No 19 & 20 of Section
24 Portion B in Barnard Street Sandhurst, together with allotments
No 15-16, 17 and part of 18 of the same section 24 portion B, and to
the fact, that before March last, the above allotments were
drained by the natural outlet through allotments 13 & 14
section aforesaid Forest Street, and also to the ~~fact~~ fact
that since March last, this natural outlet has been
caused willfully to be stopped by my neighbour Mr
J. C. Helm of New Place, and thereby diverting the whole
of the storm water over my Land, to the great damage of
myself and others, I have also to bring before you the fact
that myself and the other resident Ratepayers of this locality,
believe, that the greater part of the Damage done is an
account of the removal, some time since, of the Culvert
which was made by the Government across the road for
the proper drainage of this locality, and on the continuance
and permanent use of which Culvert my Buildings in
New Place were laid out and erected, and against the
removal of which Culvert myself and others protested
to the Borough Council of Sandhurst at the time the removal
was commenced being done, I have therefore ^{request} Gentlemen to
request you will be pleased as soon as possible ^{to} be provide
with Drainage
The above Allotments

Yours Respectfully
Thos. Gullett

Sandhurst 24 Nov 1871

We the undersigned Ratepayers of New Place Sandhurst
Testify to the Damage done yesterday as stated by
Mr Thomas Gulluck, for want of Surface Drainage
and which we attribute to a large extent to the
removal of the old Culvert across the Road in
New Place, and we trust immediate attention
will be given to the proper Drainage.
