

## **Petition – Dangerous state of Langston St.**

Sandhurst May 10 1872

To the members of the Sandhurst City Council

Gentlemen:

We the undersigned inhabitants of Langston street, Wattle Lane, and vicinity beg most respectfully to call your attention to the fact of the dangerous state of Langston street, from the corner of Forest street up to Wattle street being in the very sense of the word a run of holes and gutters; so much so, that it is dangerous for children to go out of doors and it is really unpassable for any one after dark.

In a similar state is the adjoining Wattle Lane.

We the undersigned beg most respectfully, for the safety of our children and ourselves, to apply for an order of repairing those streets, at least that the holes may be filled up and a watercourse lade on; the houses on the lower part of Langston street and Wattle Lane, being after a heavy rain in danger to be flooded away.

Hoping that our just request will be granted we remain Gentlemen very respectfully your most obedient servants.
