

Petition – for alteration in drainage

Sandhurst June 12th 1873

To The Worshipful The Mayor & Councillors of the City of Sandhurst

Gentlemen

We the undersigned residents of the west side of Forest Street – between Rowen and Barnard Streets – beg respectfully to request that an alteration may be made in the drainage of that side of the said Street, as, owing to the raising of the opposite side of the street, at Mr Helm's property, an impassable sheet of water is formed during heavy rain, from the centre of the road, to the inner side of the footpath, through the considerable hollow that exists. We would ask permission to suggest, that the footpath opposite our properties be raised one foot with gravel, and a dish drain formed in place of the box drain which crosses the road at an angle to Rowen Street, also that the footpath be kerbed and channelled.

We have the honor to remain, Gentlemen
Your obedient Servants
