

## **Petition – Tenants - Bath corner for flagged footpath**

Sandhurst July 12 1872

To His Worship the Mayor of Sandhurst and City Council

Gentlemen

We the undersigned tennants of Bath Corner, feeling very much aggrieved that no action had yet been taken towards improving the footpath in front of our places of business respectfully beg to once more lay the matter before you, and to remind you of the serious loss the want of proper footpath and verandah is to us in a business point of view. To remind you also that we have been tennants now upwards of two months, at a very high rental having been led to believe that the footpath &c would be finished without delay. We sincerely hope you will give the matter your earliest consideration and that there may be no further delay.

Your obedient Servants
