

**Petition- State of Williamson St**

26/08/1870

To

The worshipful the Mayor and Councillors of the Borough of Sandhurst

The petition of the undersigned humbly sheweth that your memorialists regret having occasion to address you on the almost impossible state of Williamson Street from the intersection of Brougham Street to the retreat Road said street being the Main Entrance to the Town from the largest, and most populous, Agricultural district around Sandhurst and although over fifteen years have elapsed since the formation of the Municipality that portion of the above mentioned Street remains almost in its primitive state to our very detriment.

We therefore trust that your honourable body will cause it to be properly formed there being no mining claims now, to interfere with its formation and your memorialists as in duty bound

Will ever pray
