

## **Petition – For forming Lily Street**

Sandhurst July 5, 1872

To the Mayor and City Councillors  
Sandhurst

Gentlemen

We the undersigned inhabitants of Lily Street most respectfully direct your attention to the annoyances that we as ratepayers are subjected to through the storm water inundating our allotments.

This inconvenience is caused through the want of forming a channel on the Western side of Lilly street between Rowan Street and MacKenzie Street. We would also when addressing you desire your consideration in regard to the erection of a lamp in the above-mentioned neighborhood, and that daily is so increasing in population.

Favoring our petition will greatly gratify us as ratepayers.
