

## **Petition – Culvert & lamp for King Street**

Ratepayers of King Street

The Humble Petition of the Undersigned Rate-Payers of King Street and its vicinity

To the Mayor and Councillors of the City of Sandhurst.

Respectfully Showeth,

That the Undersigned Rate-Payers residing in King Street and its immediate vicinity beg most respectfully to draw your attention to the absolute necessity there exists for a culvert or bridge and a lamp being placed at the junction of King and Myrtle Streets.

That communication is entirely cut off and Your Petitioners residing in the locality indicated feel it a hardship that they have to make a detour round by Arthur and Wills Street to pass this locality.

That a trifling sum would suffice to erect a bridge or culvert in this locality and that such an expenditure would confer an inestimable obligation upon the residents of the locality which is thickly populated.

Trusting you will take the above premises into your favourable consideration Your Petitioners will as in duty bound for every pray &c &c &c

[12 October 1871]
