

Petition – To call a meeting re socio-economic question

To The Very Worshipful The Mayor & Council of Sandhurst

We the undersigned Citizens & Ratepayers of Sandhurst City – impressed with the peculiar phase of the British Intelligence by Mail Steamer & telegrams up to 29th August last full of Socio-political influence & bearing upon our own energies & activities of Social production hereby request with all respect that you will be pleased to grant the use of the new Corn Exchange Building for the discussion & Elucidation (for the Public Weal) of the momentous tendencies thereby & therein conveyed to this Central Gold Producing Community who are the workers in chief for that (generally deemed) precious commodity which in the wild ascension of comparative values in Europe is thereby becoming of minor influence & tending to swift depreciation in the Scales of Exchange –

By appointing an Early day for the meeting and discussion of the economic phases so powerfully fraught with adverse influence to this City's chief labor power you will confer a lasting benefit on our Entire community, at a period when the Press seems to avoid arguing out to the full these great Sequences -

We are with all respect

Your Worships' faithful Citizens
