

Petition – for water course on south side of High Street from Beech & Fir Streets

July the
[31.7.1874]

To The Right Worshipful the Mayor And Members of the City Council of Sandhurst

Gentlemen,

We the undersigned most respectfully make application to have the watercourse on the south side of the main road or street at Golden Square High Street kerbed and channelled from the east or lower side of Beech Street to the street on the west side. Both street joins the main road.

The earth and flood that comes off the hills in this place at the time of rain fills up the present drain and overflow[e]s the road, damaging it and exposing the water pipes on the offside, and leaving them quite bare.

List of Petitioners
