

Petition – for formation of Lilac Street

Sandhurst August 2nd 1873

To the Right Worshipful the Mayor and the Councillors of the City of Sandhurst

The petition of the undersigned ratepayers and Citizens residing on section 59 adn the adjacent Section abutting on Lilac Street Humbly Sheweth That the said residents are subject to great annoyance and inconveniences in consequence of having no proper mode of ingress to, or egress from, their places of residence for any kind of Vehicle, to the formed streets in the immediate vicinity. We cannot get any of the Simple necessities of life taken to our places without coming in unenviable proximity to certain ratepayers houses

Therefore we pray of you to cause the formation of Lilac Street to be continued from Honeysuckle St to Lilly Street, As it is only a very short distance

And your petitioners will ever pray

Sandhurst -

May 5th 1874

To the
Mayor & Councillors
of the City of Sandhurst -

Gentlemen

We the undersigned beg leave to state that about 12 months ago, a petition was forwarded to the City Council asking for the formation of the Lillick street between Honeycuck & Lilly streets and north of Barnard street; and that this petition was handed over to the Surveyor to report upon. We have not up to the present time had any reply. There are many new houses situated in this locality at present which was not erected at the time the above request was made which would add considerably to the rates and we beg most respectfully to request that the formation of the street may be proceeded with.

We have the honor
to remain

Gentlemen

Most Respectfully Yours
