

## **Prayer – for Lower Reserve to be used for athletic sports**

17.10.1873

To The Worshipful the Mayor and Councillors of the City of Sandhurst

the

Memorial of the undersigned ratepayers and others

Showeth

That the memorialists understand that a project is to be submitted for your consideration for converting the portion of the Lower Reserve in front of the old rotunda into a permanent recreation ground.

The memorialists consider that the portion of the Reserve referred to stands unequalled in the Colony for recreation purposes – the hillside being so admirably adapted by nature for a grandstand and the space beneath for carrying out games and all sorts of amusements. The improvements necessary for making the ground a permanent place for recreation could be effected at comparatively little expense while it would be conferring a great boon on the City by providing a source of healthful and innocent amusement, and keeping at home thousands of the inhabitants who are in the habit of spending their money elsewhere in search of other attractions. It would also add considerably to the municipal revenue by exacting a certain rent for the use of the ground.

The want of a permanent ground for athletic sports and pastimes has been much felt and the rapid increase in the population and growing importance of the district render this as necessary as any other public institution.

The memorialists would therefore humbly request that you will be pleased to take the matter into your favorable consideration and make arrangements to have the ground referred to made available for sports during the ensuing holidays.

And your memorialists shall ever pray.
