

Petition – against composite paving being laid on footpath east side of View Place

View Place, Sandhurst

17th April 1874

To the Right Worshipful The Mayor of the City Council of Sandhurst
Sir,

We the undersigned ratepayers of View Street having heard with alarm that it is the intention of the City Council to lay the footpath on the east side of View Place with the composition pavement we would therefor[e] respectfully protest against the same being carried out as intended feeling sure that it would greatly militate against the undersigned ratepayers. We beg to point out the great injustice that would be done by thus diverting the traffic to the destruction of the trade of the ratepayers on the West side and that there is not a single ratepayer along the whole course of that portion of the street that it is intended to lay this pavement.

By deferring this work your petitioners will ever pray.
