

Prayer – To allow Thos Buzza to lay pipe into the dams etc etc

16.09.1873

To the Worshipful the Mayor and the Councillors of the City of Sandhurst &c. &c.

The memorial of the undersigned Thomas Buzza of Back Creek in the City of Sandhurst

Humbly sheweth

That your memorialist about six weeks ago made application to your honourable Council to be allowed to construct a pipe from his Saw Mills Back Creek to the dam between Charleston Road and Kennedy Street.

That your memorialists application was then refused on the ground that there was no inlet for water to flow into the dam and that the granting of this application might interfere with the supply of water for domestic purposes.

That your memorialist has learned that subsequent to his application being refused a culvert has been constructed between the water course and the dam, which could be [utilized] to receive a supply of waters from the Spring Gully Reservoir.

That if your memorialists application were granted he would agree to take charge of the culvert and to keep the dam constantly supplied with water for domestic and other purposes.

That the inhabitants in the immediate neighbourhood of the dam [whos] signatures are appended are favourable to the granting of your memorialists application.

That your memorialist prays that he may be allowed to construct a pipe from his saw mills to the dam.

And your memorialist will ever pray
