

**Prayer – that Wattle Lane be formed, kerbed & channelled**

Sandhurst  
4 October 1872

To the Mayor & Councillors  
City of Sandhurst

Gentlemen

We the undersigned being owners of property in Wattle Lane and ratepayers to a considerable amount in the City, beg respectfully to call your attention to the unfinished state of that portion of the road between Mr Tippers allot<sup>n</sup> and its intersection with Boundary street, and would urge upon you the necessity of at once carrying out the formation, Kerbing and channelling of this portion of the street a distance of say six chains.

In its present condition, it will be apparent to your surveyor that during heavy rains, the water is retained in a basin opposite to Mr Tippers property, which causes an overflow, to the detriment of land on the east side of the street.

We trust therefore for the reasons assigned this Matter will receive your immediate consideration

We have the honour to remain Gent<sup>n</sup>
