

## **Petition – for repairs to Williamson and Brougham Streets**

To the Worshipful the Mayor and Corporation of the City of Sandhurst

The Memorial of the undersigned owners and occupiers of property within the municipal boundaries of Sandhurst

Sheweth,

That the intersection of Williamson Street and Brougham Street is in a dangerous condition, the only carriage way from the former to the latter being a narrow passage over a short culvert in front of the Brougham Arms Hotel and the remainder of the street being an open water channel surrounded by old workings in a rough and unlevelled state and we would beg to suggest that this culvert should be extended across the entire breadth of Brougham Street and levelled in, and the street and footpath made perfect over it.

We would also call attention to an old culvert under Williamson Street and near to Brougham Street, and which at present conveys all the water collected in the water channel on the right-hand side of Williamson Street extending from the Railway to this culvert where it passes under it and spreads out upon the opposite side of the street without any way to carry it off except by surface drainage [thro] the adjoining properties doing much damage and injury, and we would therefore beg to suggest that this old culvert should be entirely removed and the water channel continued along Williamson Street to the main drain or water channel which passes lower down under the large culvert extending under and across Williamson Street.

Your memorialists therefore pray that the above may be taken into your consideration and that you may order the necessary work to be done.

Sandhurst, 22<sup>nd</sup> May 1873

To the Worshipful the Mayor and  
Corporation of the City of Sandhurst  
The Memorial of the undersigned owners  
and occupiers of property within the  
Municipal boundaries of Sandhurst.

Sheweth,

That the intersection of Williamson  
Street and Brougham Street is in a dangerous condition,  
the only Carriage way from the former to the latter  
being a narrow passage over a short Culvert in  
front of the Brougham Arms Hotel and the  
remainder of the Street being an open water Channel  
surrounded by old workings in a rough and unlevelled  
state and we would beg to suggest that this Culvert  
should be extended across the entire breadth of  
Brougham Street and levelled in, and the Street  
and foot path made perfect over it.

We would also call attention to an old  
Culvert under Williamson Street and near to Brougham  
Street and which at present conveys all the water  
collected in the water Channel on the right hand side  
of Williamson Street extending from the Railway to  
this Culvert where it passes under it and spreads  
out upon the opposite side of the Street without  
any way to carry it off except by surface  
drainage thro the adjoining properties doing much  
damage and injury, and we would therefore beg to  
suggest that this old Culvert should be entirely  
removed

removed and the water Channel Continued along  
Williamson Street to the main drain or water channel  
which passes lower down under the large Culvert  
extending under and across Williamson Street -

Your Memorialists therefore pray that  
the above may be taken into your  
consideration and that you may order  
the necessary work to be done -
