

## **Petition – for C&C Bridge Street**

Bridge Street Sandhurst Oct<sup>r</sup> 16<sup>th</sup> 1872

The Worshipful The Mayor and Councillors of the City of Sandhurst

Gentlemen

We the Undersigned Ratepayers and Property holders in the Central portion of Bridge Street, Beg most respectfully to call your attention to the present state of the Water reserve in Bridge street, and the streets in the Locality under your control.

We beg to remind you that a portion of the footpath in one of the oldest and most frequented streets of the City, (Bridge street) is not yet Kerbed or Channelled, That the surplus water from the reservoirs in Commissioners gully, flows into this “reserve” whence it has no outlet except by circuitous channels through private allotments of land or by overflowing the footpath and street. The Culvert formerly in use having been removed and no proper substitute provided.

That at a small outlay a large quantity of Water may be stored in this “reserve” for the use of the Inhabitants in the locality, and for which ample provision has been made in the survey.

These improvements being absolutely required for the prevention of Injury to property in case of flood, We beg will receive your attention with as little delay as possible.

We beg to subscribe Ourselves

Gentlemen

Your most Obed<sup>t</sup> and Humble Servants
