

**Petition – Residents on Water Reserve praying the same may be sold.**

Sandhurst  
28<sup>th</sup> Sept 1871

To the Mayor & Councillors  
City Council  
Sandhurst

Gentlemen

We the undersigned residents on the Water Reserve Bridge Street, respectfully request that you will use your powerful influence with the Government to get the allotments on which we reside sold by Public Auction.

The ground has been surveyed and twice advertised for sale but has been again withdrawn on account of its being applied for on Mining lease, which lease the Warden refused to recommend on account of the objections lodged against it.

We have built upon and improved our several allotments upon the faith of the promise of the Government and have been put to considerable expense and inconvenience and trust you will give our case your favourable consideration.
