

## **Petition – to repair street opposite City Hotel near Barnard Street in dangerous state**

Barnard St. East  
Sandhurst      Sept 1873

To His Worship the Mayor aand Councillors of Sandhurst,

Gentlemen,

We the undersigned residents in Barnard St East beg to call your attention to a dangerous chasm in the Street just opposite the City Hotel, Old diggings left open have been gradually falling in till the hole reaches nearly to the middle of the road and calls loudly for repairs.

We would respectfully remind you that this is not a new out-of-the-way Street but one of the oldest and most important thoroughfares in the City just between the Hospital and Benevolent Asylum –

The owners of property contemplate building at this spot but a row of houses would be quite inaccessible to the occupants, in the present state of the street, and building operations are at a stand still in consequence We are sure, should your surveyor inspect & report, immediate steps would be taken to repair the street, both to prevent accident and to improve a locality which from its position in the city ought not to be left in its present state – Hoping for your favorable consideration of this petition

We have the honor to be  
Gentlemen  
Your most obedient Servants
