

Petition – Residents of Ironbark to remove fence in street unnamed

Iron Bark Sandhurst
June 24th 1872

To the Mayor & Councillers of Sandhurst

Gentlemen,

We the undersigned, ratepayers of Sandhurst, respectfully request you to open the street, by removing the fence, fencing off the street (unnamed) connecting Don Street with Voilet Street, the said fence being the Original holding of Mr Turnbull, he having virtuely abandoned it, by fencing his alotment as surveyed, the said alotment being fully one quarter acre, so we do not think he ought to be allowed to blockade the street as it is the only one, by which loaded carts can come to us from town with a full load.

We would further pray that Mr Collier be compensated to remove from the same street, the street requires no making, if the obstruction where removed.

You promised some month ago to send the surveyer up here to report, but we have not seen him here as yet.

We remain yours respectfully
