

Petition – For lighting north end of Forest Street

Sandhurst
30th July 1872

To The Mayor & Councillors of Sandhurst

Gentlemen

We the undersigned ratepayers and residents of Forest street and its vicinity beg respectfully to draw your early attention to the necessity of for the better lighting of north end of Forest street especially the crossing of Langton Street as there is no lamp that gives any light to the street for a distance of four hundred yards between Boundary Street and Ironbark Gully, we therefore recommend that a lamp be placed at the corner of the street where Mr Lowden's store stands as it appears to be the most central point and where the road is in the worst state of repair and most dangerous for travelling in darkness.
