

Petition – drawing attention to the unfinished state of Hopper St and asking for a lamp

Sandhurst

June 27th, 1873

To the Most Worshipful the Mayor and Councillors of Sandhurst

We the undersigned ratepayers of Hopper Street and neighbourhood would most respectfully draw your attention to the unfinished state of that street and the necessity of a lamp being placed in it.

There is now a very large amount of traffic in it and in consequence of an extensive gap at the intersection of Barry Street there is a great danger in driving over it after dark and in rainy seasons it is almost impassable for foot passengers from Barry to Mitchell Street. As a good number of substantial properties have been built upon it lately your petitioners would humbly request you to grant the prayer of this petition.

Sandhurst June 29 1843

To the Most Worshipful the Mayor
and Councillors of Sandhurst.

We the undersigned ratepayers of Hopper
Street and neighbourhood would most respect-
fully draw your attention to the unfinished
state of that street and the necessity of a
lamp being placed in it. — There is now
a very large amount of traffic in it and
in consequence of an extensive gap at the
intersection of Bury Street there is great
danger in driving over it after dark, and
in rainy seasons it is almost impassable
for foot passengers from Bury to Mitche-
ll Street. — As a good number of substantial
properties have been built upon it lately
your petitioners would humbly request you
to grant the prayer of this petition. —
