Gentlemen,

We beg respectfully to request that you will direct the storm water channel opposite Macpherson & Co. and Dodgson's premises, to be covered in. We as usual in such cases of Town improvements, paying half the expense incurred. We have laid out a large sum of money in improving this portion of the Town, and when this is done, intend expending more money in improvements. At the present time we are liable to flood in any severe rainfall, and have at all times considerable difficulty, in getting to, and from various portions of the property referred to. As this work will be of considerable convenience to the Ratepayers, at this end of the City, we trust you will direct the work to be proceeded with at once.

Yours respectfully,

S. Dodgson
