

Petition – Pine Street to be formed

Sandhurst 14 February 1873

To

The Right Worshipful the Mayor and councillors of the City of Sandhurst

Gentlemen,

We the undersigned Ratepayers most respectfully request that you will form and make Pine Street so as to prevent the surface water from flowing over our property. - The Culvert now in course of construction on private property will not benefit the majority of the residents. We believe that the street can be made for little more than the aforesaid culvert will cost and benefit all the residents. Also we would call your attention to the fact that Brodie St has been formed and left the bare clay so that in wet weather it is nothing but mud and utterly impassable to foot passengers. We hope that this will find a favourable consideration at your hands

and your petitioners will ever pray.
