

## **Petition – Honeysuckle Street for formation**

16<sup>th</sup> July 1872

To the Right Worshipful The Mayor and Members of the Sandhurst City Council

Gentlemen

We the undersigned rate-payers residing in Honey-suckle St beg most respectfully to call your attention to the want of proper foot-path accommodation. Either side of the newly constructed road is minus a footpath Those at present are very far from being safe to walk upon, more especially during dark evenings. We therefore earnestly request that an inspection be made of the place as soon as possible, as we fear that accidents of a serious character, might accrue from the inadequate supply of what is necessary. Your petitioners humbly beg, that the want so long felt will meet with your recognition and approval & your petitioners will every pray &c &c
