

Petition – Storm water channel to be slab in Michael St

To His Worship the Mayor and Members of the City of Sandhurst Borough Council

Gentlemen

We the undersigned rate-payers and owners of Freehold property, in Back Creek, most respectfully request that you will be good enough to order that part of the Storm Water Channel, between Patrick Street and Michael Street to be slabbed or formed so as to protect from further injury the property of those through which it runs, as it has done considerable damage within the last twelve (12) months especially since a “Culvert” was erected across the McIvor Road.

The Surface drainage of the adjacent hills at both sides of the McIvor Road is conveyed into the Channel which Causes great damage to the property situated between the two Streets referred to.

We have the honor to be Gentlemen
Yours &c. &c.

[24 August 1871]

To His Worship the Mayor and Members of the
City of Sandhurst Borough Council.

Gentlemen,

We the undersigned rate-payers and
owners of Freehold property, in Back Creek, most
respectfully request that you will be good enough
to order that part of the Storm-water Channel,
between Patrick Street and Michael Street, to
be slabbed or formed so as to protect from further
injury the property of those through which it runs,
as it has done considerable damage within the
last twelve (12) months especially since a "culvert"
was erected across the M^cDon Road.

The Surface drainage of the adjacent hills
at both sides of the M^cDon Road is conveyed
into this Channel which Causes great damage
to the property situated between the two Streets
referred to.

We have the honor to be

Gentlemen

Yours &c. &c.
